### SINGAPORE CHARTERED ACCOUNTANT QUALIFICATION

### EXAMINATION GUIDELINES AND RULES FOR THE FOUNDATION PROGRAMME (FP) AND PROFESSIONAL PROGRAMME (PP)

### Introduction

This guide prepares the Foundation Programme (FP) and Professional Programme (PP) candidates for the remote proctored e-examinations and covers the step-by-step preparations for the Singapore CA Qualification examinations. The e-examination platform uses the Cirrus programme, and online remote proctoring uses the Proctorio programme.

### **SECTION 1: EXAM TOOLKIT**

### (A) Hardware & Software

- 1. Use your personal device i.e. laptop or desktop. (See specifications below).
  - X No work/office laptop
    - X No tablet devices or Microsoft Surface RT
- 2. Working webcam and microphone are mandatory.

### **Device Specifications**

Device	Windows Specifications	Mac Specifications:				
	Intel Pentium Processor or better	Intel Processor				
	At least 8GB RAM (with at least 2GB that is unused	At least 8GB RAM (with at least 2GB that is unused				
	by other applications during the exam)	by other applications during the exam)				
	Hard Drive: at least 2GB of available space	Hard Drive: at least 2GB of available space				
Operating System	Windows:	Mac OS:				
	Microsoft Windows 7 and above	Mac OS X 10.12 Sierra and above				
Display	Screen resolution of 1280 x 800   No secondary monitor recommended.	ors allowed  15" or higher display screen				
Webcam and	Webcam resolution: 320x240 (minimum), external we	bcam required if internal webcam does not allow 360				
microphone	degrees room scan					
	Microphone, either internal or external					
Software required	Google Chrome or Microsoft Edge (latest 3 versions) Click here to download and install Google Chrome and					
(Mandatory)	here to download and install Microsoft Edge.					
	Proctorio Google Chrome or Microsoft Edge extension					
	Click <u>here</u> to install. See Section 2 A Step 3 to enable in	cognito access				
	Microsoft Office Applications (Online Office Application	ns are not allowed) Adobe				
	Acrobat Reader					
Internet connection	Minimum 2.5Mbps speed					
	Use a wired connection, if possible (If using Wi-Fi, mini	mise the internet usage of others using the same				
	network during the exam)					

$\bigcirc$	Tip 1: Connect to a power source to avoid draining laptop battery Tip 2:
Ę	Ensure stable internet connection throughout examination

### (B) Login Credentials

3. Your username is your **email address which you have registered with the SCAQ Programme**. Refer to Section 3 Part (A) Point 1 below.

### (C) Examination Environment

- 4. Sit for the exam alone in a conducive environment (i.e. brightly lit room with closed door, free from noise and distractions).
- 5. No one is allowed in the room or to enter the room during the examination.
- 6. Prohibited items are to be <u>removed</u> from table. (refer to table in Section E "What to Bring").
- 7. **Mandatory** to perform a 360 degree-environment scan via webcam recording.

### (D) Identity verification

8.

- ISCA or the appointed vendor collects the following during the exam, for verification of the candidate and remote proctoring purposes:
  - a. Live images & Photo ID (Only NRIC, FIN card or Passport is accepted)
  - b. Video, audio and computer screen recordings

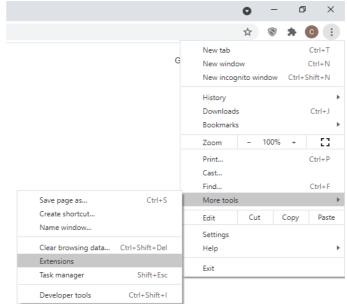

# (E) What To Bring Foundation Programme (restricted open-book examination) – no access to hard disk and device applications (except Microsoft Excel) Professional Programme (open-book examination) – access to hard disk and device applications ✓ Calculators, 1 A4 sized 'cheat' sheet and 1 A4 sized blank paper ✓ Calculators and permitted reference materials (hardcopy and softcopy) × No reference materials and books ✓ Softcopy reference materials to be placed into a single folder and saved onto desktop Other Prohibited Items ✓

- × No watches /alarm clocks /external monitors/ tablets/ iPads/ wireless accessories/ mobile phones #
- × No headphones / earpieces / non-religious head coverings (i.e. caps, scarfs, hats)
- × No devices that can transmit information
- × No food and drinks (only plain water is allowed)

# Allowed to use mobile phone's hotspot for internet connectivity should Wifi fail (ensure internet speed meets the requirements) and mobile phone must be out of reach during exam. Only use mobile phone for emergencies/ technical issues during exams (i.e. exam taker to be in full view of webcam throughout duration of call). Misuse of hotline warrants strong disciplinary actions.

### (A) Prepare hardware and software

- 1. Ensure that your device meets the minimum system requirements as stated in Section 1 (A).
- 2. Check that Chrome or Edge browser (make it the default browser) and Proctorio extension are installed. Links are provided in Section 1 (A).
- 3. Enable incognito access for the Proctorio extension.

4. Select the Proctorio extension and click "Details".

Ø	Proctorio Secure Exam Proctor	
Details	Remove	-

5. Enable incognito access

```
Allow in incognito
```

Warning: Google Chrome cannot prevent extensions from recording your browsing history. To disable this extension in incognito mode, unselect this option.

- 6. Test your hardware and internet connection (via this <u>link</u>) at least 2 weeks before your examination date.
- 7. Check that your webcam is working and has a minimum resolution of 320x240 using this link.
- 8. Make sure that your microphone is working using this <u>link</u>.

### (B) Complete mock exam

- 9. The mock examination is meant to assist candidates to be familiarised with the e-exam platform. The mock examination does <u>not</u> have remote proctoring features turned on (i.e. no check-in process required). Remote proctoring features will be turned on for the actual examinations.
- 10. Access using <u>one</u> of the links below based on your Programme.

Foundation Programme	Professional Programme
Mock Exam Paper 1 or	<u>Mock Exam Paper 1</u> or
Mock Exam Paper 2	Mock Exam Paper 2

11. Refer to Section 3 Step 17 for details on how to navigate the e-examination platform.

### (A) Navigating the e-Examination Platform

### Logging in

1. Login to your Cirrus account using this <u>link</u>. Your username is your **email address which you have registered with the SCAQ Programme.** Use the 'Can't Log in?' feature to create a password or if you have forgotten your password.

### Dashboard

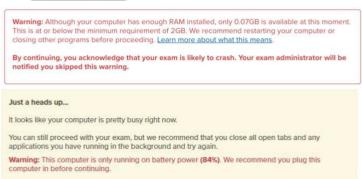

2. After log-in, you will see your personalised dashboard with your upcoming examination(s).

📋 cirrus				* A- A+	🛞 English (UK)	0	SAC
Dashboard

ASSESSMENT TITLE	CODE	AVAILABLE	DEADLINE	DURATION			
test 3		27/04/2021 17:1	10	120 minutes	() Remote invigilated	Start test	

### Starting an assessment/examination

- 3. Ensure that all application windows are closed before starting the examination.
- 4. **IMPORTANT** Your computer screen will be monitored throughout the examination. Strong disciplinary action will be taken against exam takers who are found to have to have breached the examination policy.
- 5. Click on the **Start test** button to start the check-in process. Button will only appear at the 'available time'.
- 6. If your computer has less than 2GB of free/available RAM, you may receive the following error message(s). Close all additional browsers, tabs or applications which are not required for the examination. If the error message continues to appear, you may ignore it and click

Start exam pre-checks to continue, however, disruptions in the middle of the examinations may occur.

7. A system diagnostics test will run. This may take up to a minute.

### System Diagnostics Test

8. You will be asked to share your screen. You have to click on the picture of your screen within the pop-up window. Only after clicking the image of your screen, will you be able to click the share button share.

Share your entire screen Proctorio wants to share the contents of your screen. Choose what you'd like to share.	Share your entire screen Proctorio wants to share the contents of your screen. Choose what you'd like to share.

### (B) What to expect on Exam Day

### Starting your exam

- 1. Login to the <u>Cirrus Platform</u> at least 10 minutes before the scheduled start time of the examination.
- 2. Start the examination on time. You are only allowed a 15 minutes grace period to start the examination. Late comers will not be permitted to start the examination.

### **Toilet breaks**

3. Indicate this by saying 'toilet break' to webcam.

### Ending your exam

4. Your script is auto submitted at the end of the exam duration, if you have not clicked the <sup>Complete assessment</sup> button when you have finished your exam.

### Issues during the examination

- 5. Examination takers facing issues during the examination are to contact ISCA invigilators via the hotline number which will be provided in Cirrus Question 1.
- 6. If the exam ends unexpectedly due to device breakdown, you may switch to another device during the examination. If there is prolonged internet disconnection, you will be 'logged out' of the examination. Should this happen, re-connect back your internet. Regardless of the situation, you need to log into <u>Cirrus platform</u> and start the examination and perform the 'check-in process' again. Do note that no extra time will be awarded. Exam takers are to report the incident to the ISCA after the examination.

### (A) Disciplinary Policy

1. All candidates are required to hold themselves to the highest standard of integrity and comply with the <u>Exam Disciplinary Policy</u>. Ignorance will not be accepted as a justification for non-compliance.

### (B) Grounds for Disciplinary Actions

- 2. Exam Breaches include but are not limited to:
  - a. Cheating, including:
    - i. Use, sight or hearing of, unauthorised materials, including online resources / prohibited items;
    - ii. Gaining unauthorised access to Internet or communicating with external parties during exam;
    - iii. Colluding Receiving/providing assistance, whether in person, electronic, or written.
  - b. Impersonation;
  - c. Non-conformance to exam rules;
  - d. Furnishing misleading or false information or declaration (including false medical certificates);
  - e. Fabricating or altering information, data or document and presenting it as legitimate;
  - f. Failure to comply with the instructions;
  - g. Intentionally causing hardware or software failures in electronic devices during the exams in order to be eligible for deferment;
  - h. Failure to perform a 360-degree scan of the environment in the event of a remotely conducted e-Exam.
- 3. Whilst investigation is underway, the candidate's results may be withheld pending investigation outcome.

### SECTION 5: EXAMINATION AND CONTACT DETAILS
