Course Deferment / Switching / Withdrawal and Participant Substitution (Not applicable for E-Learning Course)

If you are unable to attend the course, you can submit an online request before course commencement, for:

1. Deferment / Switching of course. An admin fee will be chargeable for each course.
2. Course withdrawal if your absence is due to medical/compassionate reason.
3. Participant substitution which is allowed for corporate registration (under company billing) only.

**If you have opted for funding for the course, please submit such request by sending an email to cpe@isca.org.sg.*

To submit an online request for Course Deferment / Switching / Withdrawal or Participant Substitution, please click on "Prepaid Balance", select the course by clicking on the button in the Action column. Then, click on the respective button (Switch To Another Course, Defer to Another Session, Appeal to Withdraw or Substitute Participant) at the bottom of the page.

Please click [here](#) for an overview of the Terms & Conditions.

19 Nov 2021 (9:00 AM - 5:00 PM)

Fee (inclusive of GST)

For Members: \$ 647.35

For Non-Members: \$ 770.40

Programme Facilitator(s)

Dr Lim Thou Tin

Venue

60 Cecil Street

ISCA House

Singapore 049709

Notice

Our Computer Lab is equipped with Microsoft Excel 2016 & 2010. Due to compatibility issue, Excel 2013 will not be provided.

You may opt to bring along your laptop if you wish to use Excel 2013.

Programme Objective

In any organization the budget is a central aspect of the planning and control systems utilized by the organization. Regardless of the organization's size or complexity, or the product, the market or the service provided by the enterprise, a budget will always feature as a key aspect of financial planning.

This programme is dedicated to solving the problems managers face when preparing budgets and forecasts. It combines accounting, budgeting, and forecasting issues with Excel to provide accountants with practical guidance on how to prepare more accurate budgets and forecasts with less time and effort. By combining both traditional budgeting and forecasting concepts with the power and flexibility of Excel, participants are given the tools and techniques needed to meet the ever increasing demands of management, banks, regulators, and investors.
