Illustrative Condensed Interim Financial Statements

About the Institute of Singapore Chartered Accountants

The Institute of Singapore Chartered Accountants (ISCA) is the national accountancy body of Singapore. ISCA's vision is to be a world-class accountancy body of trusted professionals, contributing towards an innovative and sustainable economy. There are over 32,000 ISCA members making their stride in businesses across industries in Singapore and around the world.

Established in 1963, ISCA is an advocate of the interests of the profession. Possessing a Global Mindset, with Asian Insights, ISCA leverages its regional expertise, knowledge, and networks with diverse stakeholders to contribute towards Singapore's transformation into a global accountancy hub.

ISCA is the Designated Entity to confer the Chartered Accountant of Singapore – CA (Singapore) – designation.

ISCA is a member of Chartered Accountants Worldwide, a global family that brings together the members of leading institutes to create a community of over 1.8 million Chartered Accountants and students in more than 190 countries.

About ISCA's Technical Division

As the national accountancy body, ISCA is committed to supporting our members in their careers as they progress and rise to challenges faced along the way. ISCA's Technical Division provides technical support in areas of audit & assurance, financial reporting, sustainability reporting, ethics and specialised industries such as capital markets, banking and finance and insurance; and communicates insights and views to our members and the wider accountancy community. Through our technical committees that comprise representatives from various stakeholders in the corporate reporting eco-system, we hear issues from the ground and conceive initiatives to promote and enhance quality, consistency and best practices to uphold technical excellence.

About ISCA's Financial Reporting Committee

ISCA's Financial Reporting Committee (FRC) is chaired by Mr Reinhard Klemmer and comprises representatives from legal and accounting firms, corporate, regulators and academia in the financial reporting eco-system. FRC's terms of reference include monitoring policy and implementation issues relating to the development of accounting standards internationally and in Singapore, and to identify, understand and address accounting issues faced by professional accountants in Singapore, and provide support through the issuance of guidance.

The terms of reference are executed through FRC with the support of two Sub-Committees, namely the Core Sub-Committee and the Valuation Sub-Committee. The FRC Core Sub-Committee is the technical accounting arm of FRC and comprises various technical accounting subject matter experts from accounting firms. The Core Sub-Committee engages in technical deliberations on emerging accounting issues in Singapore and new or revised accounting developments proposed by the international accounting standards setter.

- *This publication accompanies, but is not a part of, ISCA Financial Reporting Guidance 3 (FRG 3) “Preparation of Interim Financial Statements under SFRS(I) 1-34 Interim Financial Reporting (in compliance with the SGX Listing Rule 705(3A))”.*
- *The purpose of this publication is to aid issuers in preparing a set of condensed interim financial statements under SFRS(I) 1-34 that is in compliance with the disclosure requirements of Listing Rule Appendix 7.2.*
- *It should be noted that:*
 - *The illustrative disclosures included in this document are not the only acceptable form of presenting the condensed interim financial statements. Alternative presentations may be acceptable if they comply with the specific disclosure requirements set out in SFRS(I) 1-34 and in Listing Rule Appendix 7.2.*
 - *This publication is not intended to illustrate all aspects of SFRS(I) 1-34 and Listing Rule Appendix 7.2. Issuers should refer to SFRS(I) 1-34 and SGX Listing Rules for the latest requirements.*
- *This set of illustrative condensed interim financial statements is not intended for use by issuers who prepare their interim financial statements under US GAAP.*

Introduction

Scope

This publication, which accompanies FRG 3, contains two sets of illustrative condensed interim financial statements of a fictitious listed entity (the Company) and its subsidiaries (the Group), for the **first six months ended 30 June 2021** and for the **second six months and full year ended 31 December 2021**.

The **illustrative condensed interim financial statements**¹ are prepared in accordance with SFRS(I) 1-34 *Interim Financial Reporting*. The Company is listed on the Mainboard of the Singapore Exchange and has presented its financial statements in accordance with Singapore Financial Reporting Standards (International) (SFRS(I)) for a number of years. Hence, it is **not a first-time adopter of SFRS(I)**².

The Company is incorporated in Singapore. The presentation currency of the Group is Singapore Dollar (\$). The Company's year-end is 31 December. Accordingly, the Company is required to prepare interim reports for the first half and the second half of its financial year ended 31 December 2021³.

This set of illustrative financial statements is based on SFRS(I) effective for annual reporting periods beginning on 1 January 2021.

The names of people and entities included in this publication are fictitious. Any resemblance to a person or entity is purely coincidental.

Illustrative in nature

The sample disclosures in this publication are not the only acceptable form of presentation. The form and content of each issuer's financial statements are the responsibility of the issuer. Alternative forms of presentation that provide relevant information to the users of the financial statements and are in compliance with SFRS(I) 1-34 and Listing Rule Appendix 7.2 may be acceptable.

As the purpose of this set of illustrative condensed interim financial statements is to provide sample disclosures based on certain key requirements of SFRS(I) 1-34 and Listing Rule Appendix 7.2, no numbers and figures have been shown in this set of financial statements.

To ensure relevance and usefulness of information to the users of the financial statements, issuers are encouraged to present entity-specific disclosures. Additional disclosures may be required where necessary to achieve this objective.

¹ If a complete set of financial statements is published as the interim financial statements, the form and content of those statements should conform to the requirements of SFRS(I) 1-1 *Presentation of Financial Statements* for a complete set of financial statements.

² If the parent is a first-time adopter of SFRS(I), SFRS(I) 1 First-time Adoption of Singapore Financial Reporting Standards (International) includes additional disclosure requirements for interim periods covered by an entity's first SFRS(I) financial statements.

³ If an issuer's financial year end is 30 June, the issuer would be required to prepare either a set of fourth-quarter or second half interim financial statements in accordance with SFRS(I) 1-34 for the interim period ended 30 June 2021.

1. Corporate information	
[Name of the Company] (the Company) is incorporated and domiciled in Singapore and whose shares are publicly traded on the Mainboard of the Singapore Exchange. These condensed interim consolidated financial statements as at and for the six months ended 30 June 2021 comprise the Company and its subsidiaries (collectively, the Group). The primary activities of the Company are the licensing of the "XYZ" brand and owning and holding long-term investments.	
The principal activities of the Group are:	
(a) manufacturing, marketing and trading XYZ products;	
(b) providing entertainment-related goods and services; and	
(c) investing in properties and securities	
2. Basis of Preparation	SFRS(I) 1-1.4
The condensed interim financial statements for the six months ended 30 June 2021 have been prepared in accordance with SFRS(I) 1-34 <i>Interim Financial Reporting</i> issued by the Accounting Standards Council Singapore. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last annual financial statements for the year ended 31 December 2020. The condensed interim financial statements are presented in Singapore dollar which is the Company's functional currency.	
<p><i>Note to issuers:</i></p> <p><i>Financial statements are typically prepared on a going concern basis, that is, assuming the issuer will continue in operation for the foreseeable future (which is at least, but is not limited to, 12 months from the end of the reporting period).</i></p> <p><i>Issuers are required to assess whether the going concern assumption is still appropriate in light of events and circumstances which may have taken place since the end of the last annual reporting period. When management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the issuer's ability to continue as a going concern, the issuer shall disclose those uncertainties in that set of interim financial statements.</i></p>	FRG 3.2(C)

2.1. New and amended standards adopted by the Group

Reference
FRG 3.2(B)(13) SFRS(I) 1-34.16(A)(a)

A number of amendments to Standards have become applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting those standards.

Note to issuers:

Issuers need to consider whether any new/revised standards that became effective during the interim period would require a change in the issuer's accounting policies.

2.2. Use of judgements and estimates

FRG 3.2(B)(12) SFRS(I) 1-34.41
FRG 3.2(B)(14)

In preparing the condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 31 December 2020.

SFRS(I) 1-34.15A
SFRS(I) 1-34.28

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

- Note 10 – Classification of equity investments
- Note 13 – Classification of investment property

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next interim period are included in the following notes:

SFRS(I) 1-34.16A(d)

- Note 11 – impairment test of intangible assets and goodwill: key assumptions underlying recoverable amounts
- Note 13 – determination of fair value of investment property using significant unobservable inputs
- Note 16 – acquisition of subsidiary: the fair value of the consideration transferred (including contingent consideration) and the fair value of the assets acquired and liabilities assumed, measured on a provisional basis

During the interim period, the Group disposed of certain of its investments for cash and realised the capital appreciation. These investments had a fair value \$• at the date of disposal. The cumulative gain on disposal of \$• was reclassified from fair value reserve to retained profits.

In the interim period ended 30 June 2020, the Group disposed of certain investments which had a fair value of approximately \$• at the date of disposal, with cumulative gain on disposal of \$• reclassified from fair value reserve to retained profits.

[Reference](#)**10. Financial assets at fair value through other comprehensive income (cont'd)****10.1. Fair value measurement**

SFRS(I) 1-34.16A(j)

The Group classifies financial assets measured at fair value using a fair value hierarchy which reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities **(Level 1)**;
- Inputs other than quoted prices included within Level 1 which are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) **(Level 2)**; and
- Inputs for the assets or liability which are not based on observable market data (unobservable inputs) **(Level 3)**

The following table presented the assets measured at fair value:

Reference**11. Intangible assets (cont'd)****11.1 Goodwill impairment**FRG3.4(A)(ii) SFRS(I) 1-34.15B(b)
SFRS(I) 1-34.15C

Following the loss of two major supplier contracts in Segment 1 and an unexpected significant increase in costs due to instability in the industry in Country A, management has recalculated the recoverable amount of the Segment 1's Cash Generating Unit (CGU) as at 30 June 2021.

As Segment 1's sales during the six months ended 30 June 2021 were at a loss, the Group assessed the recoverable amount of the CGU that comprises that operating segment.

As the carrying amount of the CGU was determined to be higher than its recoverable amount of \$•, an impairment charge of \$• was recognised (six months ended 30 June 2020: NIL)

The impairment charge was allocated fully to goodwill, reducing the goodwill included in the Segment 1 to \$•.

The recoverable amount of the CGU was based on its value in use and was determined with the assistance of independent appraisers.

Value in use was determined by discounting the future cash flows to be generated from the continuing use of the CGU. Value in use as at 30 June 2021 was determined similarly to the 31 December 2020 goodwill impairment test, and was based on the following key assumptions:

- Pre-tax discount rate of •% (2020: •%)
- Five year of cash flows growth rate of •% (2020: •%)
- Sales growth rate of •% (2020: •%)

Following the impairment loss recognised in the Group's Segment 1's CGU, the recoverable amount was equal to the carrying amount. Therefore, any adverse change in a key assumption may result in further impairment.

No goodwill were allocated to other CGUs and they were not tested for impairment because there were no impairment indicators at 30 June 2021.

Note to issuers:

Impairment losses on goodwill recognised in an interim period are not allowed to be reversed subsequently.

FRG3.4(B)

11.2 Trademarks

The Company owns the "XYZ" trademark. The Company ("the Licensor") has licensed to [name of the subsidiary], another wholly owned subsidiary, the exclusive right to manufacture, distribute, market and sell "XYZ" [type of product] products worldwide until 31 December 2040. This right can be renewed for a further period of 20 years on terms to be mutually agreed between the Licensor and [name of the subsidiary]. The costs of these trademarks have been fully amortised.

12. Property, plant and equipment

SFRS(I) 1-34.15B(d)

During the six months ended 30 June 2021, the Group acquired assets amounting to \$• (30 June 2020: \$•) and disposed of assets amounting to \$• (30 June 2020: \$•)

Reference**13. Investment properties**

SFRS(I) 1-34.15

The Group's investment properties consist of both commercial and industrial properties, held for long-term rental yields and/or capital appreciation and are not substantially occupied by the Group. They are mainly leased to third parties under operating leases.

13.1 Valuation

FRG3.4(A)(i)

The Group engages external, independent and qualified valuers to determine the fair value of the Group's properties at the end of every half-year based on the property's highest and best use. Discussions on the valuation process, key inputs applied in the valuation approach and the reasons for the fair value changes are held between the property manager, management and the independent valuer half-yearly.

The fair value of the Group's investment properties is determined based on significant unobservable inputs and is categorised under Level 3 of the fair value measurement hierarchy. Level 3 fair value has been derived using the income capitalisation approach where the net rental income after property tax is capitalised at a rate which reflects the present and potential income growth over the unexpired lease term. The most significant input into the income capitalisation valuation approach is the capitalisation rate of •% to •% (2020: •% to •%) per annum.

An increase in capitalisation rate will result in a decrease to the fair value of the investment property.

Note to issuers:

Issuers are required to disclose any loan default or breach of a loan agreement that has not been remedied on or before the end of the interim reporting period. If loan defaults or breaches of loan agreements are not remedied on or before the end of the reporting period (i.e. the issuer has not obtained a waiver for the default or breach), the issuer should reassess the classification of its assets and liabilities as at the interim reporting date. For instance, if the breaches result in the liability becoming repayable on demand, that liability needs to be reclassified as current as at the interim reporting date.

2.1. New and amended standards adopted by the Group

Reference
FRG 3.2(B)(13) SFRS(I) 1-34.16(A)(a)

A number of amendments to Standards have become applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting those standards.

Note to issuers:

Issuers need to consider whether any new/revised standards that became effective during the interim period would require a change in the issuer's accounting policies.

2.2. Use of judgements and estimates

FRG 3.2(B)(12) SFRS(I) 1-34.41
FRG 3.2(B)(14)

In preparing the condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 31 December 2020.

SFRS(I) 1-34.15A
SFRS(I) 1-34.28

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

- Note 10 – Classification of equity investments
- Note 13 – Classification of investment property

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial period are included in the following notes:

SFRS(I) 1-34.16A(d)

- Note 11 – Impairment test of intangible assets and goodwill: key assumptions underlying recoverable amounts
- Note 13 – Determination of fair value of investment property using significant unobservable inputs
- Note 16 – Acquisition of subsidiary: the fair value of the consideration transferred (including contingent consideration) and the fair value of the assets acquired and liabilities assumed, measured on a provisional basis

Reference**10. Financial assets at fair value through other comprehensive income (cont'd)****10.1 Fair value measurement**

SFRS(I) 1-34.16A(j)

The Group classifies financial assets measured at fair value using a fair value hierarchy which reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- d) Quoted prices (unadjusted) in active markets for identical assets or liabilities **(Level 1)**;
- e) Inputs other than quoted prices included within Level 1 which are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) **(Level 2)**; and
- f) Inputs for the assets or liability which are not based on observable market data (unobservable inputs) **(Level 3)**

The following table presented the assets measured at fair value:

SFRS(I) 1-34.15C**11.1 Goodwill impairment**

Following the loss of two major supplier contracts in Segment 1 and an unexpected significant increase in costs due to instability in the industry in Country A, management has recalculated the recoverable amount of the Segment 1's Cash Generating Unit (CGU) as at 31 December 2021.

As Segment 1's sales during the six months ended 31 December 2021 were at a loss, the Group assessed the recoverable amount of the CGU that comprises that operating segment.

As the carrying amount of the CGU was determined to be higher than its recoverable amount of \$•, an impairment charge of \$• was recognised (six months ended 31 December 2020: NIL)

The impairment charge was allocated fully to goodwill, reducing the goodwill included in the Segment 1 to \$•.

The recoverable amount of the CGU was based on its value in use and was determined with the assistance of independent appraisers.

Value in use was determined by discounting the future cash flows to be generated from the continuing use of the CGU. Value in use as at 31 December 2021 was determined similarly to the 30 June 2021 goodwill impairment test, and was based on the following key assumptions:

- Pre-tax discount rate of •% (2020: •%)
- Five year of cash flows growth rate of •% (2020: •%)
- Sales growth rate of •% (2020: •%)

Following the impairment loss recognised in the Group's Segment 1's CGU, the recoverable amount was equal to the carrying amount. Therefore, any adverse change in a key assumption may result in further impairment.

No goodwill were allocated to other CGUs and they were not tested for impairment because there were no impairment indicators as at 31 December 2021.

11.2 Trademarks

The Company owns the "XYZ" trademark. The Company ("the Licensor") has licensed to [name of the subsidiary], another wholly owned subsidiary, the exclusive right to manufacture, distribute, market and sell "XYZ" [type of product] products worldwide until 31 December 2040. This right can be renewed for a further period of 20 years on terms to be mutually agreed between the Licensor and [name of the subsidiary]. The costs of these trademarks have been fully amortised.

13.1 Valuation

[FRG3.4\(A\)\(i\)](#)

The Group engages external, independent and qualified valuers to determine the fair value of the Group's properties at the end of every half-year based on the property's highest and best use. Discussions on the valuation process, key inputs applied in the valuation approach and the reasons for the fair value changes are held between the property manager, management and the independent valuer half-yearly.

The fair value of the Group's investment properties is determined based on significant unobservable inputs and is categorised under Level 3 of the fair value measurement hierarchy. Level 3 fair value has been derived using the income capitalisation approach where the net rental income after property tax is capitalised at a rate which reflects the present and potential income growth over the unexpired lease term. The most significant input into the income capitalisation valuation approach is the capitalisation rate of •% to •% (2020: •% to •%) per annum.

An increase in capitalisation rate will result in a decrease to the fair value of the investment property.

Note to issuers:

Issuers are required to disclose any loan default or breach of a loan agreement that has not been remedied on or before the end of the interim reporting period. If loan defaults or breaches of loan agreements are not remedied on or before the end of the reporting period (i.e. the issuer has not obtained a waiver for the default or breach), the issuer should reassess the classification of its assets and liabilities as at the interim reporting date. For instance, if the breaches result in the liability becoming repayable on demand, that liability needs to be reclassified as current as at the interim reporting date.

For reference: ISCA Financial Reporting Codification Framework

In November 2019, ISCA issued the ISCA Financial Reporting Codification Framework (Framework). The Framework establishes a formalised categorisation, degrees of authority and a due process for future issuance of ISCA's technical documents. It provides credence to ISCA's technical content, promulgates ISCA's views on the application of accounting standards as well as promotes quality, consistency and best practices in financial reporting.

The Framework is summarised in the table below.

Category	Nature	Degree of authority	Due Process	Highest level of approval
1. Financial Reporting Practice (FRP)	Recommended best practices for financial reporting for specific industries, sectors or transactions	Expected to apply	Public consultation required	ISCA Council
2. Financial Reporting Guidance (FRG)	Technical guidance, views and insights on specific financial reporting issues for specific industries, sectors or transactions	Expected to follow or explain departures	Public consultation required	ISCA Financial Reporting Committee (FRC), with authority delegated by the ISCA Council
3. Financial Reporting Bulletin (FRB)	Technical bulletin containing discussions and highlight of emerging topical financial reporting issues	For information and educational purposes	Public consultation not required	ISCA FRC
