ISCA Infocomm Training Framework

Navigating the Path to Mastering Excel

ISCA INFOCOMM TRAINING FRAMEWORK

EXPERT LEVEL

Conducted in a blended learning environment and apply the latest Excel techniques. The Expert level programme is customised for learners who seek to master sophisticated Excel functions to produce highly complex and interactive reports. Designed for advanced Excel users who have attained certificate in BAR at Advanced Level.

ADVANCED LEVEL

Developed by industry experts, the Advanced level programmes are intended for learners who wish to build sustainable models that are highly interactive and visually stunning. The curriculum is rigorous and suitable for users with extensive working experience in Excel. Completion of either AER or IT008C prerequisites is a must.

INTERMEDIATE LEVEL

Intermediate level programmes introduce learners to advanced Excel tools and techniques that enhance reporting skills and increase productivity.

Programmes coverage includes creating formulas, function, charts and pivot tables. A good understanding of Excel is required.

FOUNDATION LEVEL

The programmes will provide learners with the knowledge to execute fundamental Excel functions and formulas to improve basic Excel efficiency.

The foundation level programmes are for users that need to use Excel in their daily job functions. A basic knowledge of Excel is required.

EMPOWERING TOMORROW'S LEADERS IN ACCOUNTING & FINANCE

The Institute of Singapore Chartered Accountants (ISCA) is the national accountancy body of Singapore. ISCA's vision is to be a globally recognised professional accountancy body, bringing value to our members, the profession and wider community. There are over 30,000 ISCA members making their stride in businesses across industries in Singapore and around the world.

Established in 1963, ISCA is an advocate of the interests of the profession. Possessing a Global Mindset, with Asian Insights, ISCA leverages its regional expertise, knowledge, and networks with diverse stakeholders to contribute towards Singapore's transformation into a global accountancy hub.
